

# 2019.11.17 StakeholderID4

author: caj880

November 2019

## 1 Discussion Topics

Osgood emphasized that even if the break was not productive feature wise if it assisted with group dynamic then it was important. He also brought up that bringing in everyone to allow for equal contribution and better team dynamic is very important.

## 2 Priority of Features

- nominal data
- selection of which column will be displayed as the timeline
- the timeline column needs to be more abstract
- allow numbers to be used not only dates
- for example could organize data according to minutes/dates since an event

## 3 smaller items

- ensure zooming and panning behaviour is correct
- change the colour of the y-axis to black
